

# Susan Williams, NP

## Additional Background

My name is Susan Williams, and I am Family Nurse Practitioner, new to the staff at St. Albans Primary Care. I became a Registered Nurse in 1991 after graduating from Norwich University. In 2018, I decided to continue my education and completed the Family Nurse Practitioner program through Chamberlain University in 2021! I was born in St. Albans, and I have spent the majority of my life as a Vermonter. I am thrilled to be part of the healthcare team at St. Albans Primary Care, and I look forward to working with the community to promote health and wellness.
