

Denise Aronzon, MD

Additional Background

Dr Aronzon is originally from Poughkeepsie, NY. She completed her undergraduate degree at Princeton University and her medical degree at the University of Rochester. Her pediatric residency was at the University of Virginia in Charlottesville, VA. Following residency, Dr Aronzon worked as a pediatrician in Staunton, VA. She then returned to the University of Rochester, where she worked as a pediatric fellow and as an instructor in the resident clinic and pediatric emergency room. Her special interests include newborn care, infectious disease and advocacy. Dr Aronzon enjoys spending time with her husband and daughter as well as tennis, outdoor activities, cooking and travel. She will be working at our North Avenue office.
